Custom limited run C&EI Fruit Growers Express Insulated Box Car in HO scale from Accurail

The Chicago & Eastern Illinois Historical Society will be selling a custom limited run of 48 HO scale C&EI Fruit Growers Express insulated box cars (RBLs). These cars were leased from FGE pool equipment and used to ship loads in a temperature stable environment. This forty foot RBL is numbered 990375 and was built in 1953 by PC&F. Decals will be included to model insulated box cars built in 1952, 1955, 1957, and 1960 for FGE by various manufacturers.

Please allow two weeks for delivery.
Orders will ship once we receive the models.

The models are expected to arrive in the fall of 2017. Follow the C&EI HS on Yahoo Groups and Facebook for more information on the arrival of the models to our company store.

In order to provide a HO scale C&EI FGE model at an economical price, the model will come with roof hatches whereas the prototype cars did not have these devices. The modeler may remove these components for a more prototypical model.
